

ESSENTIAL ACCESS PLATFORMS LTD

-E.A.P.-

IPAF MEWP Harness Safety

Course Aim

To provide delegates with the skills and understanding to enable them to select, inspect and use a harness, lanyard and associated equipment safely when using a MEWP.

Who Should Attend?

Those who use, supervise or manage the use of powered access, including scissor lifts, self-propelled boom lifts, trailer mounted boom lifts and aerial work platforms.

Duration 1/2 day

Agenda

- Legislation, standards and guidance
- Hierarchy of fall protection measures
- Types and scope of harness, lanyard and fittings
- Pre-use checks and fitting
- Usage and anchor points
- Storage and maintenance
- Hazards and precautions
- Rescue requirements and options
- Assessment

Certification

Delegates successfully completing the course will be awarded an IPAF Certificate of Competency (valid for 5 years).

Did you know we also offer the following courses...

- IPAF MEWPs (Dual) Mobile Boom - Operator
